Memorandum

То:	Board of Directors Remuda Ridge Metropolitan District
From:	Keenan Rice
Date:	September 12, 2023
Re:	Analysis of Reimbursement Rate Administrative, Operations and Maintenance Advance and Reimbursement Agreement

MuniCap, Inc. has, in its capacity as financial advisor to Remuda Ridge Metropolitan District (the "District"), evaluated a reasonable reimbursement interest rate to be paid pursuant to the Administrative, Operations and Maintenance Advance and Reimbursement Agreement. This evaluation is based on a reimbursement rate as of the date of the agreement (i.e., October 16, 2017). This memorandum explains the research and evaluation conducted by MuniCap in this assignment.

Documents Reviewed

MuniCap reviewed the Administrative, Operations and Maintenance Advance and Reimbursement Agreement by and between the District and Cola, LLC, entered into as of the 16th day of October 2017 (the "Reimbursement Agreement") and other information available to and deemed relevant by MuniCap.

MuniCap believes the information it reviewed and relied upon to be reliable and accurate. MuniCap did not independently verify the information in these documents.

Evaluation of Interest Rate for the Reimbursement Agreements

MuniCap's approach to its evaluation of a reasonable interest rate to be paid pursuant to the Reimbursement Agreement was as follows:

- 1. MuniCap identified the interest rate on an appropriate benchmark that with an appropriate margin may be used to determine a reasonable interest rate to be paid pursuant to the Reimbursement Agreement.
- 2. For purposes of a benchmark, MuniCap used the rate on ten-year U.S. Treasury bonds as of October 16th, 2017. The U.S. Treasury rate on ten-year bonds was 2.30% as of October 16, 2017.

MUNICAP, INC.

U.S. Treasury rates vary by maturity. U.S. Treasury rates for various maturities as of October 16th, 2017, were as follows:

3-years	1.68%
5-years	1.95%
7-years	2.15%
10-years	2.30%
20-years	2.58%

3. MuniCap evaluated the appropriate margin over the benchmark by reviewing interest rates on other reimbursement agreements. Examples of interest rates on other reimbursement agreements proximate to the date of the Reimbursement Agreement were as follows:

District	Date	Interest Rates	US Treasury 10-Year Rate	Margin to 10- Year Treasuries
Elbert & Highway	8/30/2016	7.00%	1.57%	543
Bradley Heights Nos. 1-3	11/29/2016	8.00%	2.30%	570
Tuscan Foothills Village	1/30/2017	6.50%	2.49%	401
Ellicott Town Center	10/16/2018	8.00%	3.16%	484

The margins shown above are all as of the date of the agreements. The margins vary from a low of 401 basis points to a high of 570, with an average of 499.50 basis points. The US Treasury rate for a ten-year maturity as of October 16, 2017, was 2.30%, the same as the rate as of the date of the Bradley Heights reimbursement agreement. The margin on the Bradley Heights reimbursement agreement was 570 basis points. Using this margin for the Remuda Ridge agreement and adding it to the U.S. Treasury ten-year rate of 2.30% results in a reimbursement rate of 8.0%. This analysis is approximate, as shown by the variations in reimbursement rates and margins to US Treasury rates.

The interest rates paid on these reimbursement agreements were all simple interest without compounding. Based on our research and experience, simple interest is most common for reimbursement agreements entered into by metro districts. The margins on the interest rates paid on reimbursement agreements in the table above are based on simple interest rates. Accordingly, the reasonable reimbursement interest rate calculated with these margins must also be for simple reimbursement rates.

MUNICAP, INC.

Conclusion

MuniCap has undertaken the above-described evaluation to determine a reasonable interest rate to be paid pursuant to the Reimbursement Agreement and has concluded that a rate of 8.00% simple interest is reasonable.

Keenan Rice, President MuniCap, Inc.

"Required Mill Levy" shall have the following meaning:

(a) Subject to paragraphs (b) and (c) below, "Required Mill Levy" means an ad valorem mill levy (a mill being equal to 1/10 of 1 cent) imposed upon all taxable property of the District each year in the amount of 40.000 mills, or such lesser mill levy which will fund the Bond Fund in an amount sufficient to pay all of the principal of, premium, if any, and interest on the Bonds in full; *provided, however*, that if, after August 14, 2007 (being the date of approval of the Original Service Plan), there are changes in the method of calculating assessed valuation or any constitutionally mandated tax credit, cut, or abatement, such mill levy shall be increased or decreased to reflect such changes, such increases or decreases to be determined by the Board in good faith (such determination to be binding and final) so that, to the extent possible, the actual tax revenue generated by such mill levy is neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the percentage of actual valuation used to calculate the assessed valuation of any residential real property shall be deemed to be a change in the method of calculating assessed valuation.
